To Do Before Noon on April 12, 2021:
Regroup with Your Faculty Advisor

Review the entire thesis
- Are you using the right template?
- Are you citing sources correctly?
- Do you need and have approval from the appropriate Research Compliance Board for your research?
- Are all names and departments spelled correctly?
- Are all contributors acknowledged correctly?
- Thesis reviewers are doing a last spot check with the expectation that the theses follow all formatting guidelines and are ready to be published.

April 12 Submissions Should Be Ready to Publish

Decide on the document embargo
- Are you submitting to a professional journal?
- Do you have a patent under review?
- Is this sensitive or confidential research?
- Are you ready to release the document to the public?

Template Reminders
- Look through the document and remove all help text/comments/track changes/notes.
- Remove Maroon Help text (in the Styles Pane as well as manually if it gives you trouble).
- Remove Table of Contents page numbers in footer.
- Check that the wording of the title matches on title and abstract pages.
Submission Process Overview

1. Submit your final thesis as a PDF to eCampus (Part 1 begins) by April 12 at noon CDT.

2. LAUNCH: UGR staff will begin to review submitted theses for formatting only. Your thesis reviewer will contact you if your final thesis document needs corrections (Part 1 continued) and/or when it is approved.

3. Similar to the installment process, you will work with LAUNCH: UGR staff to correct your document through eCampus, as needed.

4. When your final thesis document is approved, your thesis reviewer will upload the document to the STSS for you. Further action is required of you, any team members, and your faculty advisor, once you receive the “formatting approved” email.

5. Once you are notified of your document's approval, you are responsible for logging into the STSS to verify that the correct document has been uploaded (Part 2 begins).

6. You are also responsible for updating your information in the STSS and individually submitting your STSS profile. This includes updating your thesis title, adding keywords and an abstract, and selecting the appropriate embargo (thesis hold) choice (Part 2 continued). All of the information you enter in the STSS at this point will be available to the public once your document is released to OAKTrust.

7. Upon completing your submission, your faculty advisor will be sent a request to review and approve the document and your overall profile (Part 2 complete).

8. Depending on when your final thesis is graded and when your faculty advisor approves your document and STSS profile, this entire process may take between April 12 and April 29.

9. You will receive an email from LAUNCH: UGR confirming that you have officially completed the URS thesis program.
When to Begin Part 2 in the STSS

Only begin Part 2 of the Final Thesis Submission Process after you receive the Part 1 “formatting approved” email.

Note the DATE and TIME provided to you in the email. This will be your deadline to complete Part 2.
Process, Part 2: STSS

- The “formatting approved” email will direct you to complete Part 2 of the Final Thesis Submission Process through the Scholars Thesis Submittal System (STSS), the same online platform through which you submitted the URS program’s proposal and timeline.

- By the time you receive the “formatting approved” email, LAUNCH: UGR staff should have uploaded your approved final thesis PDF in the STSS for you. **DO NOT REMOVE OR REPLACE THE PDF UPLOADED FOR YOU.**

- Next, you and any team members must update your profile(s) in the STSS and verify that the correct final thesis document has been uploaded.

- Remember to keep a close eye out for the **Part 2 submission deadline** listed in Part 1’s “formatting approval” email (this email should arrive within two weeks of the original Part 1 submission deadline).
Process, Part 2: STSS continued

• By completing Part 2 of the Final Thesis Submission Process through the STSS, you are achieving two important tasks:

1. Requesting approval of your final URS thesis and embargo choice from your primary faculty advisor through an automated email. You will know the approval request email has been sent to your faculty advisor once you receive your own “Final Thesis Submission (Part 2) Confirmation” email.

2. Entering your own data for input into your OAKTrust thesis profile. All of the information you enter into the STSS during Part 2 of the final thesis submission process accompanies your final thesis PDF on OAKTrust. Take another look at profile example we used in the Thesis Formatting Workshop and keep the page in mind while completing Part 2 in the STSS: https://oaktrust.library.tamu.edu/handle/1969.1/164494
Part 2: Important Reminders

- Faculty advisors should review theses outside of both eCampus and the STSS, as their approval is expected within 72 hours (business days) of a student's completion of Part 2.
- Students will submit to BOTH eCampus (Part 1) AND the STSS (Part 2).
- Students should consult faculty advisors on the appropriate keywords to enter and embargo option to select.
- If your faculty advisor has asked you to submit corrections to your 2020-2021 Undergraduate Research Scholars Thesis, please email us at ugr@tamu.edu to reopen your submission.
- **TEAM REQUIREMENTS:** ALL team members must individually complete Part 2 of the Final Thesis Submission. We recommend that team members work on all parts of the submission process.
- Email us at ugr@tamu.edu with any questions along the way or visit https://launch.tamu.edu/UGR/URS/FAQs for answers to common questions.

**Self-Views and Behaviors**

Body-Focused Repetitive Behaviors (BFRB) are significantly underrepresented in psychology research, and title is known on their characteristics and relationship to self-esteem, despite the serious impairments they cause many individuals. Two hundred and ninety-five undergraduate students (M=19.61 years, SD=0.78) completed an online survey composed of measures related to BFRB presence and severity, personality, perfectionism, emotion regulation, emotional reactivity, narcissism, and global and contingent self-esteem. There were no consistent patterns of association between BFRB severity and contingencies of self-esteem. However, BFRB disorder severity were associated consistently with measures of global self-esteem, vulnerable narcissism, emotion regulation, emotional reactivity, and body dysmorphic. These findings suggest that attention to adaptive and maladaptive contingencies of self-esteem for treating BFRBs might be questionable. Instead, attention to maladaptive global self-views and other constructs might be more useful. Moreover, an individual approach must be taken in clinical practice when considering the effects of contingencies on a person's disorder severity.

Instructions:

Howdy,

This message confirms that you submitted Part 2 of your final Undergraduate Research Scholars thesis.

Your faculty advisor should have received an automated email request to review and approve your final thesis and embargo selection. Faculty advisors are asked to submit a response within 72 business hours (3 business days) of receiving the review request. The LAUNCH UGR office cannot fully process your final thesis until faculty advisor approval has been submitted.

If your faculty advisor requests REVISIONS to your final thesis, send an email to ugr@tamu.edu immediately so we can reopen your STSS profile for resubmission.

You will receive a separate notice from LAUNCH: UGR when all approvals have been processed and you have officially completed the program.

Please direct questions to ugr@tamu.edu.

Sincerely,

LAUNCH: UGR Staff

Program Completion and Recognition
How do I know I have completed the program?

Once you have officially completed the 2020-2021 Undergraduate Research Scholars thesis program, you will receive an email with the following subject line:

   Undergraduate Research Scholars Program Completion Confirmation

You will also receive a request to complete the URS Program Exit Survey.
Program Completion and Recognition

The availability of your Undergraduate Research Scholars Thesis in the Texas A&M University OAKTrust Repository depends on the embargo choice you selected during the Final Thesis Submission Process (approved by your faculty advisor).

If you selected NO EMBARGO:

Your thesis will be available as early as June 1 but no later than August 30

If you selected TWO YEAR JOURNAL/PATENT EMBARGO:

LAUNCH: UGR will send an embargo expiration notice to your faculty advisor in two years to request either the release of your thesis or an extension to the embargo. However, your faculty advisor may email ugr@tamu.edu at any time to release the embargo on your thesis.
Program Completion and Recognition

The availability of your Undergraduate Research Scholars Thesis in the Texas A&M University OAKTrust Repository depends on the embargo choice you selected during the Final Thesis Submission Process (approved by your faculty advisor).

Transcript Notation AFTER Graduation
Institutional Honors: Undergraduate Research Scholar

Commencement Program Notation

*Undergraduate Research Scholars*

The Undergraduate Research Scholars program provides motivated undergraduates the opportunity to engage in quality, in-depth research experiences. Over two semesters Scholars work with faculty mentors to produce a formal undergraduate research thesis and a public presentation of their research results.
FYI – Other Recognition May Apply

Honors Fellows

Students graduating with Honors Fellows must have completed at least 30 hours of Honors course credit, including 9 hours in the University Core Curriculum and 12 hours in 300-400 level courses. Additionally, all Honors Fellows have completed a capstone project. Honors Fellows are required to remain active with the Honors Student Council and make an annual update to their ePortfolios. Students must maintain at least a 3.5 cumulative Grade Point Ratio with at least a 3.25 Grade Point Ratio in Honors coursework.

Latin Honors

Students graduating with Latin honors distinctions have enrolled in and successfully completed a minimum of 60 undergraduate semester hours required for the baccalaureate degree. The category of Latin honors attained is determined by grade point ratio of all college hours attempted, excluding transfer hours. The categories are as follows:

Ccum Laude: A student may be graduated Cum Laude with a Grade Point Ratio of 3.50 to 3.699.

Magna Cum Laude: A student may be graduated Magna Cum Laude with a Grade Point Ratio of 3.70 to 3.899.

Summa Cum Laude: A student may be graduated Summa Cum Laude with a Grade Point Ratio of 3.90 or above.

Honors Stoles

Texas A&M undergraduates who complete the requirements for any of the distinctions listed above or for college- and departmental-level honors programs are awarded a gold satin stole to wear with their commencement robes. The university presents the stoles to honors graduates in recognition of their accomplishments.

Questions about other recognition or graduation regalia can be directed to honors@tamu.edu.

Part 2: STSS Faculty Instructions

1. Students submit final theses to eCampus (Part 1) by April 12 at noon.
2. Thesis reviewer reviews final thesis submitted to eCampus. Documents may be returned for corrections.
3. When thesis reviewer approves final thesis, they will upload the document to the STSS for the student.
4. Students are responsible for logging into the STSS to verify that the correct document has been uploaded.
5. Students are also responsible for updating their information in the STSS and individually submitting their STSS profile. Upon student submission, faculty advisors will be sent a request to review and approve the document as well as the student's overall STSS profile (including keywords and embargo selection).

Review Application

Please provide approval for both the student’s embargo choice and the final thesis (the “application”).

FACULTY ADVISORS WITH TEAM SUBMISSIONS:

You will receive individual emails for each student on the team. Although the final thesis document and embargo selection should be exactly the same, you must individually approve each student in the STSS.
Review Application

Feel free to leave comments nominating your student(s) for Outstanding Undergraduate Research Scholar. However, we do not get notifications when messages are submitted. For a timely response, send an email to ugr@tamu.edu.
